Have you always wanted to create interesting Abstract or Non-objective art but been frustrated by your results? This fun workshop will show you to how to create your own unique work that combines exciting mark making and texture with the right amount of structure to pull it all together. Learn how to layer and build up complex surfaces made from a variety of mixed media, add collaged materials and create colour harmony in your finished result.

## Brian Buckrell SCA OSA

[www.brianbuckrell.com](http://www.brianbuckrell.com)

### Landscapes in Acrylic \$445 all inclusive

This two-day workshop will expose students to techniques used for planning and developing a strong landscape painting. It is designed for the serious beginner (with painting experience) to the intermediate painter interested in my approach to planning and interpreting the landscape. Demos and exercises will be done in acrylics.

Friday evening we will review/discuss the fundamentals required to plan and execute a strong landscape painting. We will plan a painting for best compositional choices using a supplied reference. Saturday AM we will develop that planned painting together using that reference. Saturday PM and Sunday AM students will work under supervision using their own references. Students should be able to make a good start on each of the two half day paintings.

## Hi Sook Barker CSPWC TWS

### Skies and Water in Watercolour \$445 all inclusive

This workshop will focus on developing skies and water with fast and fresh style. Learn to make the most of a large Hake brush working wet in wet while maintaining control.

A full time professional artist and instructor Hi Sook is known for her stunning impressionist florals and landscapes. Hi Sook has extensive teaching experience. This is Hi Sook's first time teaching at Geneva Park and we are excited to have her!
